

Table of Contents

COMPETENCY 1.0	KNOWLEDGE OF CHILD GROWTH AND DEVELOPMENT	1
Skill 1.1	Identify the major effects of genetics, health, nutrition, public policy, environment and economics on child development.....	1
Skill 1.2	Identify the sequence of development and the milestones (e.g., social emotional, cognitive, language, physical) for the typically developing child.....	5
Skill 1.3	Identify developmental alerts.....	6
Skill 1.4	Identify common difficulties in emergent literacy development	7
Skill 1.5	Identify the influences of substance abuse, physical abuse, and emotional distress on child development.....	8
Skill 1.6	Identify strategies for designing and implementing instructional practices to support typically and atypically developing young children.....	13
Skill 1.7	Identify the influence of brain research on theories of cognitive and social competence, the principles of how children learn, and the development and implementation of instructional strategies	14
Skill 1.8	Recognize ways in which children's early experiences and culturally transmitted knowledge contribute to individual differences in development and learning	17
COMPETENCY 2.0	KNOWLEDGE OF FOUNDATIONS	19
Skill 2.1	Identify theorists, theories, and benchmarks in the fields of early childhood and elementary education and their implication for the classroom teacher of young children	19
Skill 2.2	Identify curriculum models of early childhood and elementary education programs in a variety of settings	21
Skill 2.3	Identify the impact of federal and state laws on education in the classroom	23

COMPETENCY 3.0 KNOWLEDGE OF RESEARCH, STANDARDS, AND TRENDS..... 25

- Skill 3.1 Identify professional organizations, Web sites, and scholarly journals in the field of early and elementary education..... 25
- Skill 3.2 Identify position statements of such organizations as the International Reading Association (IRA), Association for Childhood Education International (ACEI), National Association for the Education of Young Children (NAEYC), National Council of Teachers of Mathematics (NCTM), and the Southern Early Childhood Association (SECA) and their influence on instructional practice..... 27
- Skill 3.3 Identify current issues, trends, and educational innovations and legislation 31
- Skill 3.4 Identify ethical behavior and professional responsibilities as they relate to young children, families, colleagues, and the community.. 34

COMPETENCY 4.0 KNOWLEDGE OF EFFECTIVE PRACTICES..... 36

- Skill 4.1 Identify developmentally appropriate practices that guide effective Instruction..... 36
- Skill 4.2 Identify the components of effective organization and management, such as classroom rituals, routines, and schedules..... 38
- Skill 4.3 Identify ways to organize furniture, equipment, materials, and other resources in an indoor and/or outdoor environment 42
- Skill 4.4 Identify the components of a print-rich environment (e.g., word walls, classroom libraries, labeled objects, student work displayed) and the impact of such an environment on classroom instruction ... 43
- Skill 4.5 Identify strategies for short- and long-term planning to set instructional goals in alignment with standards for developing teacher objectives..... 44
- Skill 4.6 Identify strategies for designing appropriate objectives and developing and implementing lesson plans 44
- Skill 4.7 Identify activities that enrich and extend active learning through the selection and use of developmentally and age-appropriate instructional materials..... 46

Skill 4.8	Identify a variety of methods of flexibly grouping children for the purposes of instruction	50
Skill 4.9	Identify methods for prevention of and intervention for common emergent literacy difficulties	52
Skill 4.10	Identify characteristics of an integrated curriculum.....	53
Skill 4.11	Identify characteristics of play relating to the child's social, emotional, and cognitive development	54
Skill 4.12	Identify methods of observing, facilitating, and extending children's play to practice newly acquired competencies through problem solving, imitation, persistence, and creativity.....	55
Skill 4.13	Identify ways to adapt and organize space, equipment, facilities, and materials to create an environment that supports early childhood curricula and the development of the whole child.....	56
COMPETENCY 5.0 KNOWLEDGE OF ISSUES AND STRATEGIES FOR FAMILY AND COMMUNITY INVOLEMENT		58
Skill 5.1	Identify strategies for encouraging and facilitating family and community partnerships in all phases of school programs	58
Skill 5.2	Identify contemporary family systems and how to provide for their needs.....	61
COMPETENCY 6.0 KNOWLEDGE OF DEVELOPMENTALLY APPROPRIATE CURRICULUM		62
Skill 6.1	Identify the implications of teacher read alouds and how they directly relate to the academic success of children at all grade levels	62
Skill 6.2	Identify techniques for creating a print-rich environment (e.g., word walls, classroom libraries, labeling objects, student work displayed) reflecting diverse cultures.....	62
Skill 6.3	Identify various approaches for developing prereading/early literacy skills to include oral language and listening, phonological awareness, alphabet knowledge, background knowledge, and print concepts	67

Skill 6.4	Identify strategies that facilitate the development of effective oral language communication (e.g., vocabulary, grammar, syntax, pragmatics) and listening skills	72
Skill 6.5	Select literature from a variety of narrative and expository text that builds language skill and concept development	76
Skill 6.6	Identify activities that build phonemic awareness	78
Skill 6.7	Identify strategies for instruction in letter-sound relationships (phonics).....	82
Skill 6.8	Identify the processes, skills, and phases of word recognition (e.g., pre-alphabetic, partial alphabetic, full alphabetic, graphophonemic, morphemic, syntactic, semantic) that lead to decoding	83
Skill 6.9	Identify the components of reading fluency (e.g., accuracy, automaticity, rate, prosody)	86
Skill 6.10	Identify instructional methods (e.g., practice with high-frequency words, timed readings) for developing reading fluency.....	91
Skill 6.11	Identify instructional methods and strategies to increase vocabulary acquisition (e.g., word analysis, choice of words, context clues, multiple exposures) across the curriculum	92
Skill 6.12	Identify instructional methods and strategies (e.g., summarizing, monitoring comprehension, question answering, question generating, use of graphic and semantic organizers, recognizing story structure, use multiple strategy instruction) to facilitate students' reading comprehension.....	95
Skill 6.13	Identify prewriting and writing skill strategies to develop print awareness concepts, including spelling and punctuation	98
Skill 6.14	Identify strategies that facilitate the development of literal, interpretive, and critical listening and thinking skills	102
Skill 6.15	Identify strategies for presenting concepts for mathematical proficiency, including understanding mathematical ideas and concepts, fluent computations, problem solving, and logical reasoning progressing from concrete to semi-concrete to abstract	106

Skill 6.16	Identify strategies, including technology, for presenting social studies processes and concepts	124
Skill 6.17	Identify strategies, including technology, for presenting science processes and concepts	130
Skill 6.18	Identify activities that support the development of both fine and gross motor skills	132
Skill 6.19	Identify strategies, including technology, for presenting health, safety, and nutrition instruction, processes, and concepts	138
Skill 6.20	Identify strategies, including technology, and processes for presenting visual arts, music, drama, and dance	142
COMPETENCY 7.0	KNOWLEDGE OF THE DIVERSE NEEDS OF ALL CHILDREN AND THEIR FAMILIES	145
Skill 7.1	Identify strategies to adapt curriculum for children with diverse needs	145
Skill 7.2	Identify the characteristics of children with diverse needs	149
Skill 7.3	Identify ways to facilitate family support and involvement with children who have diverse needs	151
Skill 7.4	Identify programs, curricula, and activities that provide for the language needs of children and their families who have limited English proficiency	151
Skill 7.5	Identify characteristics of children at risk for school failure and select appropriate intervention strategies for these children	152
Skill 7.6	Identify major trends in exceptional child education and their application in an early childhood setting	152
Skill 7.7	Identify strategies for working with foster, migrant, abandoned, and homeless children	154
Skill 7.8	Identify strategies for accessing health information for monitoring children's medical needs, including medications for allergies and other health impairments	154

COMPETENCY 8.0 KNOWLEDGE OF DIAGNOSIS, ASSESSMENT, AND EVALUATION..... 156

- Skill 8.1 Select developmentally appropriate, reliable, and valid formal and informal screening, progress monitoring, and diagnostic instruments and procedures that measure specific skills..... 156
- Skill 8.2 Identify procedures for accurately establishing, maintaining, and using formal and informal student records..... 160
- Skill 8.3 Interpret formal and informal assessment data to make instructional decisions about the educational needs of children 162
- Skill 8.4 Identify procedures for appropriately using portfolio assessment to plan instruction that better extends the child's level of learning and interest..... 162
- Skill 8.5 Identify procedures and legal requirements that provide for appropriate and effective family conferences and/or home visits (in accordance with due process and confidentiality) regarding the assessment, education, growth, and development of children 163

COMPETENCY 9.0 KNOWLEDGE OF CHILD GUIDANCE AND CLASSROOM BEHAVIORAL MANAGEMENT 165

- Skill 9.1 Identify developmentally appropriate components of a positive and effective classroom behavioral management plan..... 165
- Skill 9.2 Identify developmentally appropriate positive strategies for guiding children's behavior and responding to challenging behaviors..... 166
- Skill 9.3 Identify learning opportunities for promoting positive self-concept, self-esteem, and prosocial and social-emotional development through interaction with others 170
- Skill 9.4 Identify developmentally appropriate conflict resolution strategies and guidelines for their implementation 170
- Skill 9.5 Identify appropriate strategies to teach character development to young children 172
- Skill 9.6 Identify the roles of early childhood professionals in collaboration with other professionals in helping children and their families cope with stressors 173
