

## Table of Contents

### **SUBAREA I. KNOWLEDGE OF CHILD DEVELOPMENT**

#### **COMPETENCY 1.0 UNDERSTAND CHILD DEVELOPMENT FROM PRENATAL THROUGH EARLY ELEMENTARY YEARS**

Skill 1.1	Major theories of child development and learning (e.g., Piaget, Erikson, Kohlberg, Bronfenbrenner, Vygotsky, brain research).....	1
Skill 1.2	Development within the cultural context of the family .....	7
Skill 1.3	Factors that may facilitate or impede a child's development in various domains .....	8
Skill 1.4	How children use play to develop understanding and acquire knowledge .....	9
Skill 1.5	Interrelationships between cognitive development and other developmental domains.....	11

#### **COMPETENCY 2.0 UNDERSTAND CHILD DEVELOPMENT AND LEARNING IN STUDENTS WITH DISABLING CONDITIONS AND EXCEPTIONALITIES**

Skill 2.1	Types of disabilities, developmental delays, and exceptionalities ...	12
Skill 2.2	Effects of disabling conditions on cognitive, physical, language, social, and emotional development and functioning .....	19
Skill 2.3	Significance of disabling conditions and exceptionalities for aspects of development and learning .....	22
Skill 2.4	Identification and evaluation of students with exceptional learning needs, including academically advanced or artistically talented students .....	24
Skill 2.5	Criteria and procedures for selecting, creating, and modifying materials and equipment to provide differentiated instruction that addresses and accommodates individual students' strengths and challenges .....	29
Skill 2.6	Legal requirements and responsibilities for providing education to students with special needs.....	32

Skill 2.7	Purposes and procedures for developing and implementing Individualized Education Plans (IEPs), 504s, and Individualized Family Service Plans (IFSPs).....	35
Skill 2.8	Role and influence of family in development and learning.....	37
Skill 2.9	Community resources to assist families .....	38
Skill 2.10	Child protection laws (e.g., mandated reporting) .....	40

**SUBAREA II. KNOWLEDGE OF CHILDREN’S LITERATURE AND THE WRITING PROCESS**

---

**COMPETENCY 3.0 UNDERSTAND CHILDREN’S LITERATURE, INCLUDING GENRES, LITERARY ELEMENTS, AND LITERARY TECHNIQUES**

Skill 3.1	Major works and authors of nineteenth- and twentieth-century literature for young children; genres of children's literature and the characteristics of different genres.....	41
Skill 3.2	Major themes associated with literature for young children .....	45
Skill 3.3	Analysis of rhetorical and literary devices (e.g., analogies, metaphors, symbolism, repetition) in literature for young children...	46
Skill 3.4	Comparison of different styles and communicative purposes in children's literature .....	47
Skill 3.5	Criteria for evaluating children's literature (e.g., reading level, literary quality, cultural diversity, interesting information, vocabulary richness, appealing plot, gender preferences, variety in settings and character types) .....	48
Skill 3.6	Analysis of excerpts of literature for young children in relation to style, theme, or point of view .....	50
Skill 3.7	Uses of literature for young children (e.g., providing exposure to high quality literary prose, enhancing other areas of the curriculum, promoting children's understanding of themselves and others).....	51

**COMPETENCY 4.0 UNDERSTAND PRINCIPLES AND CONCEPTS OF WRITING FOR VARIOUS PURPOSES**

Skill 4.1 The developmental continuum of writing ..... 53

Skill 4.2 Knowledge and use of prewriting and drafting strategies, including techniques for generating topics and developing ideas (e.g., brainstorming, semantic mapping, outlining, reading and research) ..... 55

Skill 4.3 Formal elements of good writing (e.g., paragraphing, topic sentences, cohesive transitions) ..... 56

Skill 4.4 Revising written texts to improve unity, coherence, and logical organization..... 60

Skill 4.5 Editing written work according to the conventions of edited American English..... 63

Skill 4.6 Factors to consider in writing for various audiences and purposes (e.g., narration, expression, information, persuasion)..... 66

Skill 4.7 Formats and genres of writing (e.g., letter, poem, story, play)..... 68

Skill 4.8 Use of various techniques to convey meaning (e.g., precise vocabulary, figurative language)..... 76

**SUBAREA III. CORE KNOWLEDGE IN THE CONTENT AREAS**

**COMPETENCY 5.0 UNDERSTAND PRINCIPLES AND CONCEPTS OF MATHEMATICS**

Skill 5.1 Mathematical terminology, symbols, and representations ..... 77

Skill 5.2 Number properties and number representations (e.g., cardinal and ordinal numbers)..... 79

Skill 5.3 Properties of real numbers ..... 80

Skill 5.4 The base ten number system ..... 82

Skill 5.5 Fractions, decimals, and percents ..... 84

Skill 5.6 Standard arithmetical operations ..... 87

Skill 5.7 Number operations and computational techniques ..... 87

Skill 5.8	Patterns, relations, and functions (e.g., recognizing and analyzing patterns in numbers, shapes, and data, the translation of problem-solving situations into expressions and equations involving variables and unknowns).....	93
Skill 5.9	Types and properties of geometric figures .....	95
Skill 5.10	Basic geometric concepts (e.g., symmetry).....	97
Skill 5.11	Relationship between standard algorithms and fundamental concepts of algebra and geometry .....	98
Skill 5.12	Measurement instruments, units, and procedures for problems involving length, area, angles, volume, mass, and temperature....	100
Skill 5.13	Collection, organization, and analysis of data .....	102
Skill 5.14	The application of mathematical reasoning to analyze and solve problems.....	104

**COMPETENCY 6.0 UNDERSTAND PRINCIPLES AND CONCEPTS OF HISTORY AND SOCIAL SCIENCE**

Skill 6.1	Basic knowledge of major developments in the history of Massachusetts, the United States, and the world.....	107
Skill 6.2	Origins, fundamental concepts, and historical development of western civilization (e.g., the political, philosophic, religious, intellectual, and aesthetic values of ancient Israel, Greece, and Rome and their political and historical influence.....	113
Skill 6.3	The development and influence of science and technology in western societies).....	114
Skill 6.4	Basic concepts of geography and global features (e.g., continents, hemispheres, latitude and longitude, poles) .....	115
Skill 6.5	Major physical features and regions of Massachusetts, the United States, and world areas.....	117
Skill 6.6	Basic economic and political concepts (e.g., representative government, popular sovereignty, supply and demand, market economy).....	121
Skill 6.7	Purposes of government and the functions of federal, state, and local government in the United States .....	123

Skill 6.8	How laws are enacted and enforced .....	127
Skill 6.9	Democratic principles and values contained in the Declaration of Independence, the U.S. Constitution, and the Constitution of the Commonwealth of Massachusetts (e.g., the rule of law, due process, equal protection of the laws, majority rule, protection of minority rights .....	128
Skill 6.10	The responsibilities of U.S. citizens (e.g., respecting others' rights, obeying laws and rules, paying taxes, jury duty, voting) .....	130

**COMPETENCY 7.0 UNDERSTAND PRINCIPLES AND CONCEPTS OF SCIENCE AND TECHNOLOGY/ENGINEERING**

Skill 7.1	Foundations of scientific thought (e.g., reliance on verifiable evidence, reasoning, avoidance of bias and logical arguments)....	132
Skill 7.2	Major scientific discoveries and technological innovations .....	133
Skill 7.3	The relationship between science and technology .....	134
Skill 7.4	Basic concepts and principles of life science (e.g., as related to cells, the human body, heredity, ecosystems).....	135
Skill 7.5	Basic concepts and principles of the physical and earth sciences (e.g., as related to matter and energy, the motion of objects, the forces that shape the earth, the water cycle, the atmosphere and weather, the solar system) .....	142
Skill 7.6	The role of science and technology in addressing ecological issues and problems .....	153
Skill 7.7	Principles and procedures of scientific inquiry and experimentation .....	154

**SUBAREA IV. INTEGRATION OF KNOWLEDGE AND UNDERSTANDING**

**COMPETENCY 8.0 PREPARE AN ORGANIZED, DEVELOPED ANALYSIS THAT RELATES CHILD DEVELOPMENT TO TWO OR MORE OF THE FOLLOWING: LANGUAGE ARTS, MATHEMATICS, HISTORY AND SOCIAL SCIENCE, AND SCIENCE**

Open-response topics.....	157
Sample 1.....	158
Sample 2.....	159
Open-response Scoring Scale.....	160
Pre-Test.....	161
Pre Test Answer Key.....	182
Pre Test Rigor Table.....	183
Pre Test Answer Key Rationale.....	184
Post Test.....	226
Post Test Answer Key.....	246
Post Test Rigor Table.....	247
Post Test Answer Key Rationale.....	248
Websites for Teachers.....	288
