

TEACHER CERTIFICATION STUDY GUIDE

COMPETENCY/SKILL	<u>TABLE OF CONTENTS</u>	PG #
1.0 KNOWLEDGE OF THE PROCESSES OF DRAWING		1
1.1. Identify and demonstrate knowledge of materials, tools, processes and drawing visual characteristics.....		1
1.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive drawing effect.....		1
1.3. Identify drawing techniques and methods appropriate for k-12 instruction.....		2
2.0 KNOWLEDGE OF THE PROCESS OF PAINTING.....		2
2.1. Identify and demonstrate knowledge of painting materials, tools, processes and visual characteristics.....		2
2.2. Demonstrate an understanding of the organization of visual elements of painting and the selection of media for expressive effect.....		3
2.3. Identify painting techniques and methods appropriate for k-12 instruction.....		3
3.0 KNOWLEDGE OF THE PROCESSES OF SCULPTURE, PAINTING AND THE SELECTION OF MEDIA FOR EXPRESSIVE EFFECT.....		4
3.1. Identify and demonstrate knowledge of sculpture materials, tools, processes and visual characteristics.....		4
3.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive sculpture effects		4
3.3. Identify sculpture techniques and methods appropriate for k-12 instruction.....		5
4.0 KNOWLEDGE OF THE PROCESSES OF PRINTMAKING.....		5
4.1. Identify and demonstrate knowledge of printmaking materials, tools, processes and visual characteristics.....		5
4.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive printmaking effect.....		6

TEACHER CERTIFICATION STUDY GUIDE

4.3. Identify printmaking techniques and methods appropriate for k-12 Instruction.....	6
5.0 KNOWLEDGE OF THE PROCESS OF CERAMICS.....	7
5.1. Identify and demonstrate knowledge of ceramic materials, tools, processes used in ceramic production	7
5.2. Demonstrate an understanding of ceramics in the selection of media for expressive effect	7
5.3. Identify techniques and methods appropriate for k-12 ceramic instruction.....	8
6.0 KNOWLEDGE OF THE PROCESSES USING FIBER.....	8
6.1. Identify and demonstrate knowledge of materials, tools of fiber processes.....	8
6.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive fiber effect	9
6.3. Identify techniques and methods appropriate for k-12 fiber instruction .	9
7.0 KNOWLEDGE OF THE PROCESSES USING METALS.....	10
7.1. Identify and demonstrate knowledge of materials, tools, processes employed in metal fabrication and decoration.....	10
7.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive effect	10
7.3. Identify techniques and methods appropriate for k-12 metals instruction.....	11
8.0 KNOWLEDGE OF THE PROCESSES OF MIXED MEDIA	11
8.1. Identify and demonstrate knowledge of materials, tools, techniques used in mixed media	11
8.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive effect	12
8.3. Identify techniques and methods appropriate for k-12 mixed media Instruction.....	12

TEACHER CERTIFICATION STUDY GUIDE

9.0 KNOWLEDGE OF THE PROCESSES OF GRAPHIC DESIGN.....	13
9.1. Identify and demonstrate knowledge of graphic arts design processes, tools and materials.....	13
9.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive graphic arts effect.....	13
9.3. Identify techniques and methods appropriate for k-12 graphic arts design Instruction.....	14
10.0 KNOWLEDGE OF THE PROCESSES OF ARCHITECTURE AND ENVIRONMENTAL DESIGN	14
10.1. Identify and demonstrate knowledge of materials and processes employed in architecture and in environmental design	14
10.2. Demonstrate an understanding of the organization of visual elements of architecture an environmental design	15
10.3. Identify techniques and methods appropriate for k-12 architecture Instruction.....	15
11.0 KNOWLEDGE OF THE PROCESSES OF PHOTOGRAPHY	16
11.1. Identify and demonstrate knowledge of drawing materials, tools, processes of the photographic arts	16
11.2. Demonstrate an understanding of the organization of visual elements and the selection of media for photographic expressive effect	16
11.3. Identify techniques and methods appropriate for k-12 photographic Instruction.....	17
12.0 KNOWLEDGE OF THE PROCESSES OF FILM.....	17
12.1. Identify and demonstrate knowledge of materials, tools, processes used to create films	17
12.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive effect.....	18
12.3. Identify techniques and methods appropriate for k-12 film instruction.	18
13.0 KNOWLEDGE OF THE PROCESSES OF VIDEO.....	19

TEACHER CERTIFICATION STUDY GUIDE

13.1. Identify and demonstrate knowledge of the technologies, materials, and equipment necessary for creating video art..... 19

13.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive effect..... 19

13.3. Identify techniques and methods appropriate for k-12 instruction 20

14.0 KNOWLEDGE OF COMPUTER APPLICATIONS 20

14.1. Identify and demonstrate knowledge of computer technology for computer generated imagery 20

14.2. Demonstrate an understanding of the organization of visual elements and the selection of media for expressive effect..... 21

14.3. Identify techniques and methods appropriate for k-12 instruction 21

15.0 KNOWLEDGE OF CONCEPT ART 22

15.1. Identify and demonstrate knowledge of the processes and distinctly personal ways the artist handles the production of conceptual art..... 22

15.2. Identify techniques and methods of conceptual art appropriate for k-12 Instruction..... 22

16.0 KNOWLEDGE OF MEDIA: MATERIALS, HAZARDS, AND MAINTENANCE 23

16.1. Identify hazardous materials that are commonly used in art procedures 23

16.2. Recognize procedures required for proper maintenance of basic tools used in drawing, painting, sculpture, printmaking, ceramics, fibers, metals, mixed media 24

17.0 KNOWLEDGE OF THE SOURCE FOR FORMING IDEAS..... 24

17.1. Recognize natural environments and constructed environments as starting points for making art..... 24

17.2. Recognize inner feelings and imagination as starting points for making art 25

17.3. Recognize the quests for order and do universal theme as starting points for making art..... 26

TEACHER CERTIFICATION STUDY GUIDE

17.4. Recognize ordinary experiences as starting points for making art 27

18.0 KNOWLEDGE OF MAJOR ARTISTS AND THEIR WORKS 27

18.1. Identify the scopes and styles of the major schools, movements, and cultural influences of art 27

18.2. Arrange art developments or movements in chronological order 28

18.3. Identify visual characteristics in works of art that represent a noteworthy departure from other works in a given period 29

18.4. Identify relationships between specific artists and works of art 30

18.5. Identify equipment, techniques, and technology used in the production of art forms of specific cultures 32

18.6. Compare the relationships between contemporary art and art from the past 33

19.0 KNOWLEDGE OF STYLES 34

19.1. Distinguish among styles of art from various cultures and periods..... 34

19.2. Identify components in a work of art that characterize a specific style 35

19.3. Analyze a work of art on the basis of its style..... 35

20.0 ANALYSIS OF THEMES, CONTENT, AND SUBJECT MATTER 36

20.1. Distinguish among the art terms theme, content, and subject matter.. 36

20.2. Analyze art works based on specific themes, content, and subject matter 36

21.0 RECOGNITION OF DESIGN ORGANIZATION 37

21.1. Describe the visual elements and compositional features in two or more works of art 37

21.2. Describe the differences or similarities between the visual elements and compositional principles in two or more works of art 37

21.3. Identify works of art that are similar or different in form, style, content, and subject matter 38

TEACHER CERTIFICATION STUDY GUIDE

21.4. Select from a group of art works those that show the most movement, stability simplicity, or complexity	38
22.0 RECOGNITION OF THE ORGANIZATION OF THE ARTISTIC PROCESS ..	39
22.1. Describe the media and processes used in works of art	39
22.2. Identify the objects themes, events, and symbols in selected works of art	39
22.3. State the main ideas presented in selected works of art	40
22.4. Describe the differences in expressive effects among works of art.....	40
22.5. Describe how visual qualities combine to give a work of art a particular expressive form.	41
23.0 ABILITY TO MAKE VALUE JUDGMENTS	41
23.1. Judge a work of art on how well its visual qualities relate to one another	41
23.2. Judge a work of art on how well it creates a vivid and intense emotion or response	42
23.3. Judge a work of art on how well the artist has controlled the medium.	42
23.4. Distinguish between adequate criteria and inadequate criteria	43
23.5. Identify non-aesthetic factors that may affect judgment	43
24.0 KNOWLEDGE OF PHILOSOPHIES AND THEORIES	44
24.1. Identify major aesthetic philosophies and theories.....	44
25.0 KNOWLEDGE OF CULTURAL INFLUENCE AND PERSPECTIVES	44
25.1. Identify cultural influences and perspectives that shape particular aesthetic theory or practice	44
26.0 ABILITY TO APPLY THEORIES	45
26.1. Demonstrate knowledge of cultural perspective as it affects perception and artistic experience.....	45
27.0 KNOWLEDGE OF THE THEORETICAL BASES OF CURRICULUM AND INSTRUCTION	45

TEACHER CERTIFICATION STUDY GUIDE

27.1. Recognize how social and psychological foundations of art education define implications for art learning 45

27.2. Identify events, persons, and philosophies instrumental in the historical development of art education 46

28.0 KNOWLEDGE OF THE PRACTICAL BASES OF CURRICULUM AND INSTRUCTION 46

28.1. Identify long-range and short-range goals for an art program 46

28.2. Identify components of curriculum development, including long-range and short-range goals, student performance objectives sequential instructional units, teaching strategies, and assessment techniques 47

28.3. Identify student needs and abilities, including those of special populations such as handicapped, bilingual, limited English and gifted and talented students 47

28.4. Identify procedures for budget development, including selecting ordering, and inventorying supplies 48

28.5. Identify motivational activities and techniques 48

28.6. Identify instructional delivery strategies that are appropriate for student needs and lesson goals and objectives, with consideration for situational constraints 49

28.7. Match an aesthetic theory to a classroom practice 49

28.8. Provision for health and safety measures 50

28.9. Identify techniques for classroom management routines, student-teacher rapport, and student behavior standards 50

28.10. Demonstrate an understanding of the production use of audio-visual instructional media 51

28.11. Identify principles and procedures for evaluating student progress according to objective 51

28.12. Demonstrate an understanding of diagnostic procedures used for identifying entry-level skills of students 52

28.13. Identify purposes and methods of display 52

TEACHER CERTIFICATION STUDY GUIDE

28.14. Identify community resources and their applications to an art program.....	53
28.15. Identify possible art career choices available to the students.....	53
29.0 KNOWLEDGE OF RESEARCH, PROFESSIONAL ORGANIZATIONS, AND JOURNALS	54
29.1. Identify concepts in current research.....	54
29.2. Identify the benefits of membership and participation in professional organizations.....	54
29.3. Identify current professional art journals and art education journals ...	55
