DOMAIN I. LANGUAGE ARTS, PART I: ORAL LANGUAGE, EARLY LITERACY DEVELOPMENT, WORD IDENTIFICATION, AND READING FLUENCY

COMPETENCY 1.0 ORAL LANGUAGE 1

Skill 1.1 Knows basic linguistic concepts and developmental stages in acquiring oral language, including stages in phonology, semantics, syntax, and pragmatics, and recognizes that individual variations occur..... 1

Skill 1.2 Knows characteristics and uses of informal and formal oral language assessments and uses multiple, ongoing assessments to monitor and evaluate students’ oral language skills 4

Skill 1.3 Provides language instruction that acknowledges students’ current oral language skills and that builds on these skills to increase students’ oral language proficiency 6

Skill 1.4 Plans, implements, and adapts instruction that is based on informal and formal assessment of students’ progress in oral language development and that addresses the needs, strengths, and interests of individual students, including English Language Learners 6

Skill 1.5 Recognizes when oral language delays or differences warrant in-depth evaluation and additional help or intervention. 8

Skill 1.6 Knows how to provide explicit, systematic oral language instruction and supports students’ learning and use of oral language through meaningful and purposeful activities implemented one-to-one and in a group. 10

Skill 1.7 Selects and uses instructional materials and strategies that promote students’ oral language development; respond to students’ individual strengths, needs and interests; reflect cultural diversity; and build on students’ cultural, linguistic, and home backgrounds to enhance their oral language development..... 12

Skill 1.8 Understands relationships between the development of oral language and the development of reading and provides instruction that interrelates oral and written language to promote students’ reading proficiency and learning..... 14

Skill 1.9	Knows similarities and differences between oral and written language and how to promote students' awareness of these similarities and differences.	16
Skill 1.10	Selects and uses instructional strategies, materials, activities,, and models to strengthen students' oral vocabulary and narrative skills in spoken language and teaches students to connect spoken and printed language.....	17
Skill 1.11	Selects and uses instructional strategies, materials, activities, and models to teach students skills for speaking to different audiences for various purposes and for adapting spoken language for various audiences, purposes, and occasions.....	20
Skill 1.12	Selects and uses instructional strategies, materials, and models to teach students listening skills for various purposes and provides students with opportunities to engage in active, purposeful listening in a variety of contexts.....	21
Skill 1.13	Selects and uses instructional strategies, materials, activities, and models to teach students to evaluate the content and effectiveness of their own spoken messages and the messages of others.	23
Skill 1.14	Knows how to promote students' development of oral communication skills through the use of technology.....	24
COMPETENCY 2.0 EARLY LITERACY DEVELOPMENT		26
Skill 2.1	Understands the signification of phonological and phonemic awareness for reading and typical patterns in the development of phonological and phonemic awareness and recognizes that individual variations occur.	26
Skill 2.2	Understands elements of the alphabetic principle and typical patterns of students' alphabetic skills development and recognizes that individual variations occur.	29
Skill 2.3	Understands that comprehension is an integral part of early literacy.	30
Skill 2.4	Understands that not all written languages are alphabetic; that many alphabetic languages are more phonetically regular than English; and knows the significance of this for students' literacy development in English.	30

Skill 2.5	Understands that literacy acquisition generally develops in a predictable pattern from pre-reading (emergent literacy) to conventional literacy and recognizes that individual variations occur.....	31
Skill 2.6	Understands that literacy development occurs in multiple contexts through reading, writing, and the use of oral language.....	32
Skill 2.7	Knows characteristics of informal and formal literacy assessments. .	32
Skill 2.8	Knows how to select, administer, and use results from informal and formal assessments of literary acquisition.	37
Skill 2.9	Knows how to use ongoing assessment to determine when a students needs additional help or intervention to bring the student’s performance to grade level, based on state content and performance standards for reading in the Texas Essential Knowledge and Skills (TEKS).....	38
Skill 2.10	Analyzes students’ errors in reading and responds to individual students’ needs by providing focused instruction to promote literacy acquisition.	40
Skill 2.11	Selects and uses instructional materials that build on the current language skills of individual students, including English Language Learners, to promote development from emergent literacy to conventional literacy.	40
COMPETENCY 3.0 WORD IDENTIFICATION SKILLS AND READING		
FLUENCY		43
Skill 3.1	Understands that many students develop word analysis skills and reading fluency in a predictable sequence and recognizes that individual variations occur.	43
Skill 3.2	Understands differences in students’ development of word identification skills and reading fluency and knows instructional practices for meeting students’ individual needs in these areas.	44
Skill 3.3	Understands the connection of word identification skills and reading fluency to reading comprehension.....	48
Skill 3.4	Knows the continuum of word analysis skills in the statewide curriculum and grade-level expectations for attainment of these skills.....	50

Skill 3.5	Knows how students develop fluency in oral and silent reading.	50
Skill 3.6	Understands that fluency involves rate, accuracy, and intonation and knows the norms for reading fluency that have been established in the Texas Essential Knowledge and Skills (TEKS) for various age and grade levels.	51
Skill 3.7	Knows factors affecting students' word identification skills and reading fluency.	53
Skill 3.8	Understands important phonetic elements and conventions of the English language.	56
Skill 3.9	Knows a variety of informal and formal procedures for assessing students' word identification skills and reading fluency on an ongoing basis and uses appropriate assessments to monitor students' performance in these areas and to plan instruction for individual students, including English Language Learners.	57
Skill 3.10	Analyzes students' errors in word analysis and uses the results of this analysis to inform future instruction.	59
Skill 3.11	Applies norms and expectations for word identification skills and reading fluency, as specified in the Texas Essential Knowledge and Skills (TEKS), to evaluate students' reading performance.	59
Skill 3.12	Knows how to use ongoing assessment of word identification skills and reading fluency to determine when a student needs additional help or intervention to bring the student's performance to grade level, based on state content and performance standards for reading in the Texas Essential Knowledge and Skills (TEKS).	59
Skill 3.13	Knows strategies for decoding increasingly complex words, including using the alphabetic principle, structural cues, and syllables, and for using syntax and semantics to support word identification and confirm word meaning.	59
Skill 3.14	Selects and uses instructional strategies, materials, activities, and models to teach students to recognize high-frequency irregular words, to promote students' ability to decode increasingly complex words, and to enhance word identification skills for students reading at different levels.	61
Skill 3.15	Selects and uses appropriate instructional strategies, materials, activities, and models to improve reading fluency for students reading at different levels.	63

DOMAIN II.

**LANGUAGE ARTS, PART II: READING
COMPREHENSION, WRITTEN LANGUAGE, STUDY
AND INQUIRY, AND VIEWING AND REPRESENTING**

COMPETENCY 4.0 READING COMPREHENSION AND ASSESSMENT..... 65

Skill 4.1	Understands reading comprehension as an active process of constructing meaning.	65
Skill 4.2	Understand the continuum of reading comprehension skills in the statewide curriculum and grade-level expectations for these skills. ..	67
Skill 4.3	Understands factors affecting students' reading comprehension	70
Skill 4.4	Knows characteristics of informal and formal reading comprehension assessments.	71
Skill 4.5	Selects and uses appropriate informal and formal assessments to monitor and evaluate students' reading comprehension.	72
Skill 4.6	Analyzes student errors and provides focused instruction in reading comprehension based on the strengths and needs of individual students, including English Language Learners.	74
Skill 4.7	Knows how to use ongoing assessment to determine when a student needs additional help or intervention to bring the student's performance to grade level, based on state content and performance standards for reading in the Texas Essential Knowledge and Skills (TEKS).....	74
Skill 4.8	Understands metacognitive skills, including self-evaluation and self-monitoring skills, and teaches students to use these skills to enhance their own reading comprehension.....	74
Skill 4.9	Knows how to determine students' independent, instructional, and frustration reading levels and uses this information to select and adapt reading materials for individual students, as well as to guide their selection of independent reading materials.	75
Skill 4.10	Uses various instructional strategies to enhance students' reading comprehension.....	76
Skill 4.11	Knows how to provide students with direct, explicit instruction in the use of strategies to improve their reading comprehension.	77

Skill 4.12	Uses various communication modes to promote students' reading comprehension.	78
Skill 4.13	Understands levels of reading comprehension and how to model and teach literal, inferential, and evaluative comprehension skills. ...	79
Skill 4.14	Knows how to provide instruction to help students increase their reading vocabulary.	82
Skill 4.15	Understands reading comprehension issues for students with different needs and knows effective reading strategies for those students.	84
Skill 4.16	Knows the difference between guided and independent practice in reading and provides students with frequent opportunities for both. .	84
Skill 4.17	Knows how to promote students' development of an extensive reading and writing vocabulary by providing them with many opportunities to read and write.	84
COMPETENCY 5.0 READING APPLICATIONS.....		87
Skill 5.1	Understands skills and strategies for understanding, interpreting, and evaluating different types of written materials, including narratives, expository texts, technical writing, and content-area textbooks.	87
Skill 5.2	Understands different purposes for reading and related reading strategies.	91
Skill 5.3	Knows and teaches strategies to facilitate comprehension of different types of text before, during, and after reading.	92
Skill 5.4	Provides instruction in comprehension skills that support students' transition from "learning to read" to "reading to learn."	93
Skill 5.5	Understands the importance of reading as a skill in all content areas.	94
Skill 5.6	Understands the value of using dictionaries, glossaries, and other sources to determine the meanings, pronunciations, and derivation of unfamiliar words and teaches students to use these sources.	95
Skill 5.7	Knows how to teach students to interpret information presented in various formats and how to locate, retrieve, and retain information from a range of texts and technologies.....	98

Skill 5.8	Knows how to help students comprehend abstract content and ideas in written materials.	101
Skill 5.9	Knows literary genres and their characteristics.	102
Skill 5.10	Recognizes a wide range of literature and other texts appropriate for students.....	104
Skill 5.11	Provides multiple opportunities for students to listen and respond to a wide variety of children’s and young people’s literature, both fiction and nonfiction, and to recognize characteristics of various types of narrative and expository texts.	106
Skill 5.12	Understands and promotes students’ development of literary response and analysis, including teaching students elements of literary analysis and providing students with opportunities to apply comprehension skills to literature.	108
Skill 5.13	Selects and uses a variety of materials to teach students about authors and about different purposes for writing.	111
Skill 5.14	Provides students with opportunities to engage in silent reading and extended reading of a wide range of materials, including expository texts and various literary genres.....	112
Skill 5.15	Engages students in varied reading experiences and encourages students to interact with others about their reading.	112
Skill 5.16	Uses strategies to encourage reading for pleasure and lifelong learning.....	114
Skill 5.17	Knows how to teach students strategies for selecting their own books for independent reading.	115
Skill 5.18	Uses technology to promote students’ literacy and teaches students to use technology to access a wide range of appropriate narrative and expository texts.....	116
COMPETENCY 6.0 WRITTEN LANGUAGE—WRITING CONVENTIONS		118
Skill 6.1	Knows predictable stages in the development of writing conventions and recognizes that individual variations occur.	118
Skill 6.2	Knows and applies appropriate instructional strategies and sequences to teach writing conventions and their applications to all students, including English Language Learners.	120

Skill 6.3	Knows informal and formal procedures for assessing students' use of writing conventions and uses multiple, ongoing assessments to monitor and evaluate students' development in this area.....	128
Skill 6.4	Uses ongoing assessment of writing conventions to determine when a student needs additional help or intervention to bring the student's performance to grade level, based on state content and performance standards for writing in the Texas Essential Knowledge and Skills (TEKS).....	129
Skill 6.5	Analyzes students' errors in applying writing conventions and uses the results of this analysis as a basis for future instruction.....	129
Skill 6.6	Knows writing conventions and appropriate grammar and usage and provides students with direct instruction and guided practice in these areas.....	129
Skill 6.7	Understands the contribution of conventional spelling toward success in reading and writing.	130
Skill 6.8	Understands stages of spelling development and how and when to support students' development from one stage to the next.	131
Skill 6.9	Provides systematic spelling instruction and gives students opportunities to use and develop spelling skills in the context of meaningful written expression.	132
Skill 6.10	Uses assessment results to plan focused instruction to address the writing strengths, needs, and interests of all individuals and groups, including English Language Learners.....	134
Skill 6.11	Uses ongoing assessment of written language to determine when a student needs additional help or intervention to bring the student's performance to grade level, based on state content and performance standards for writing in the Texas Essential Knowledge and Skills (TEKS).....	135
Skill 6.12	Understands the use of self-assessment in writing and provides opportunities for students to self-assess their writings and their development as writers.....	136
Skill 6.13	Understands differences between first-draft writing and writing for publication, and provides instruction in various stages of writing, including prewriting, drafting, editing, and revising.	138

Skill 6.14	Understands the development of writing in relation to the other language arts and uses instructional strategies that connect these various aspects of language.....	146
Skill 6.15	Understands similarities and differences between language used in spoken and written English and helps students use knowledge of these similarities and differences to enhance their own writing.	147
Skill 6.16	Understands writing for a variety of audiences, purposes, and settings, and provides students with opportunities to write for various audiences, purposes, and settings.	148
Skill 6.17	Knows how to write using voices and styles appropriate for different audiences and purposes, and provides students with opportunities to write using various voices and styles.....	150
Skill 6.18	Understands the benefits of technology for teaching writing and writing for publication and provides instruction in the use of technology to facilitate written communication.	152
COMPETENCY 7.0 WRITTEN LANGUAGE—COMPOSITION		155
Skill 7.1	Knows predictable stages in the development of written language and recognizes that individual variations occur.	155
Skill 7.2	Promotes student recognition of the practical uses of writing, creates an environment in which students are motivated to express ideas in writing, and models writing as an enjoyable activity and a tool for lifelong learning.	156
Skill 7.3	Knows and applies appropriate instructional strategies and sequences to develop students' writing skills.	157
Skill 7.4	Knows characteristics and uses of informal and formal written language assessments, and uses multiple, ongoing assessments to monitor and evaluate students' writing development.	162
COMPETENCY 8.0 VIEWING AND REPRESENTING		163
Skill 8.1	Knows grade-level expectations in the Texas Essential Knowledge and Skills (TEKS) and procedures for assessing students' skills in interpreting, analyzing, evaluating, and producing visual images, messages, and meanings.....	163

Skill 8.2	Uses ongoing assessment and knowledge of grade-level expectations in the Texas Essential Knowledge and Skills (TEKS) to identify students' needs regarding the interpretation, analysis, evaluation, and production of visual images, messages, and meanings and to plan instruction.	165
Skill 8.3	Understands characteristics and functions of different types of media and knows how different types of media influence and inform.	165
Skill 8.4	Compares and contrasts print, visual, and electronic media.	167
Skill 8.5	Evaluates how visual image makers represent messages and meanings and provides students with varied opportunities to interpret and evaluate visual images in various media.	168
Skill 8.6	Knows how to teach students to analyze visual image makers' choices and evaluate how these choices help to represent or extend meaning.	169
Skill 8.7	Provides students with opportunities to interpret events and ideas based on information from maps, charts, graphics, video segments, and technology presentations and to use media to compare ideas and points of view.	169
Skill 8.8	Knows steps and procedures for producing visual images, messages, and meaning to communicate with others.	171
Skill 8.9	Teaches students how to select, organize, and produce visuals to complement and extend meanings.	172
Skill 8.10	Provides students with opportunities to use technology to produce various types of communications and helps students analyze how language, medium, and presentation contribute to the message.	174
COMPETENCY 9.0 STUDY AND INQUIRY SKILLS		175
Skill 9.1	Understands study and inquiry skills and knows the significance of these skills for student learning and achievement.	175
Skill 9.2	Knows grade-level expectations for study and inquiry skills in the Texas Essential Knowledge and Skills (TEKS) and procedures for assessing students' development and use of these skills.	180

Skill 9.3	Knows and applies instructional practices that promote the acquisition and use of study and inquiry skills across the curriculum by all students, including English Language Learners.....	181
Skill 9.4	Knows how to provide students with varied and meaningful opportunities to learn and apply study and inquiry skills to enhance their achievement across the curriculum.	183
Skill 9.5	Uses ongoing assessment and knowledge of grade-level expectations in the Texas Essential Knowledge and Skills (TEKS) to identify students' needs regarding study and inquiry skills, to determine when a student requires additional help of intervention, and to plan instruction.	184
Skill 9.6	Responds to students' needs by providing direct, explicit instruction to promote the acquisition and use of study and inquiry skills	185
