Competencies/Skill	Pg #
DOMAIN I—DESIGNING INSTRUCTION AND ASSESSMENT TO PROMOTE STUDENT LEARNING	
Competency 001 The teacher understands human developmental processes and applies this knowledge to plan instruction and ongoing assessment that motivate students and are responsive to their developmental characteristics and needs.....	1
1.1 Recognizes that positive and productive environments for middle-level students involve creating a culture of high academic expectations, equity through the learning community, and developmental responsiveness	1
1.2 Knows the rationale for appropriate middle-level education and how middle-level schools are structured to address the characteristics and needs of young adolescents	4
1.3 Knows the typical stages of cognitive, social, physical, and emotional development of middle-level students	5
1.4 Recognizes the wide range of individual developmental differences that characterizes middle-level students and the implications of this developmental variation for instructional planning	6
1.5 Demonstrates an understanding of physical changes associated with later childhood and adolescence and ways in which these changes impact development in other domains	8
1.6 Recognizes challenges for students during later childhood and early adolescence (e.g., self-image, physical appearance, eating disorders, feelings of rebelliousness) and effective ways to help students address these changes	9
1.7 Understands student involvement in risky behaviors (e.g., drug and alcohol abuse, gang involvement)	10
1.8 Demonstrates knowledge of the importance of peers, peer acceptance, and conformity to peer group norms and expectations for middle-level students, and understands the significance of peer-related issues for teaching and learning.....	12

1.9	Recognizes that social and emotional factors in the family (e.g., parental divorce, homelessness) impact the development of middle-level students in different domains.....	13
1.10	Uses knowledge of cognitive changes in middle-level students (e.g., emergence and refinement of abstract thinking and reasoning, reflective thinking, and increased focus on the world beyond the school setting) to plan instruction and assessment that promote learning and development	14
1.11	Analyzes ways in which developmental characteristics of middle-level students impact learning and performance, and applies knowledge of students' developmental characteristics and needs to plan effective learning experiences and assessments	16
1.12	Recognizes the importance of helping middle-level students apply decision-making, organizational, and goal-setting skills	16
1.13	Understands how development in any one domain (i.e., cognitive, social, physical, emotional) impacts development in other domains.....	18
Competency 002 The teacher understands student diversity and knows how to plan learning experiences and design assessments that are responsive to differences among students and that promote all students' learning.....		19
2.1	Demonstrates knowledge of students with diverse personal and social characteristics (e.g., those related to ethnicity, gender, language background, exceptionality) and the significance of student diversity for teaching, learning, and assessment	19
2.2	Accepts and respects students with diverse backgrounds and Needs.....	20
2.3	Knows how to use diversity in the classroom and the community to enrich all students' learning experiences	21
2.4	Knows strategies for enhancing one's own understanding of students' diverse backgrounds and needs	23

2.5	Knows how to plan and adapt lessons to address students' varied backgrounds, skills, interests, and learning needs, including the needs of English language learners and students with disabilities	24
2.6	Understands cultural and socioeconomic differences (including differential access to technology) and knows how to plan instruction that is responsive to cultural and socioeconomic differences among students	28
2.7	Understands the instructional significance of varied student learning needs and preferences	31
Competency 003 The teacher understands procedures for designing effective and coherent instruction and assessment based on appropriate learning goals and objectives		33
3.1	Understands the significance of the Texas Essential Knowledge and Skills (TEKS) and of prerequisite knowledge and skills in determining instructional goals and objectives	33
3.2	Uses appropriate criteria to evaluate the appropriateness of learning goals and objectives (e.g., clarity; relevance; significance; age-appropriateness; ability to be assessed; responsiveness to students' current skills and knowledge, background, needs, and interests; alignment with campus and district goals)	34
3.3	Uses assessment to analyze students' strengths and needs, evaluate teacher effectiveness, and guide instructional planning for individuals and groups.....	36
3.4	Understands the connection between various components of the Texas statewide assessment program, the TEKS, and instruction, and analyzes data from state and other assessments using common statistical measures to help identify students' strengths and needs.....	38
3.5	Demonstrates knowledge of various types of materials and resources (including technological resources and resources outside the school) that may be used to enhance student learning and engagement, and evaluates the appropriateness of specific materials and resources for use in particular situations, to address specific purposes, and to meet varied student needs	39

3.6	Plans lessons and structures units so that activities progress in a logical sequence and support stated instructional goals.....	41
3.7	Plans learning experiences that provide students with opportunities to explore content from integrated and varied perspectives (e.g., by providing an integrated curriculum, employing play as one learning mode, permitting student choice of activities, involving students in working on projects, designing instruction that supports students' growing ability to work cooperatively and to reflect upon other points of view when appropriate)	44
3.8	Allocates time appropriately within lessons and units, including providing adequate opportunities for students to engage in reflection, self-assessment, and closure.....	47
Competency 004 The teacher understands learning processes and factors that impact student learning and demonstrates this knowledge by planning effective, engaging instruction and appropriate assessments.....		48
4.1	Understands the role of learning theory in the instructional process and uses instructional strategies and appropriate technologies to facilitate student learning (e.g., connecting new information and ideas to prior knowledge, making learning meaningful and relevant to students).....	48
4.2	Understands that the middle-level years are a transitional stage in which students may exhibit characteristics of both older and younger children, and that these are critical years for developing important skills and attitudes (e.g., working and getting along with others, appreciating diversity, making a commitment to continued schooling)	52
4.3	Applies knowledge of the implications for learning and instruction of middle-level students' wide range of thinking abilities	53
4.3	Stimulates reflection, critical thinking, and inquiry among middle-level students (e.g., engages students in structured, hands-on problem solving, activities that are challenging; encourages exploration and risk-taking; creates a learning community that promotes positive contributions, effective communication, and the respectful exchange of ideas).....	54

4.5	Enhances learning for middle-level students by providing instruction that encourages the use and refinement of higher-order thinking skills (e.g., prompting students to explore ideas from diverse perspectives; structuring active learning experiences involving cooperative learning, problem solving, open-ended questioning, and inquiry; promoting students' development of research skills)	55
4.6	Teaches, models, and monitors organizational and time-management skills at an age-appropriate level (e.g., keeping related materials together, using organizational tools)	60
4.7	Teaches, models, and monitors age-appropriate study skills (e.g., using graphic organizers, outlining, note-taking, summarizing, test-taking) and structures research projects appropriately (e.g., teaches students the steps in research, establishes checkpoints during research projects, helps students use time management tools).....	61
4.8	Recognizes how social and emotional characteristics of middle-level students (e.g., interacting with peers, searching for identity, questioning principles and expectations) impact teaching and learning.....	64
4.9	Analyzes ways in which teacher behaviors (e.g., teacher expectations, student grouping practices, teacher-student interactions) impact student learning, and plans instruction and assessment that minimize the effects of negative factors and enhance all students' learning	65
4.10	Analyzes ways in which factors in the home and community (e.g., parent expectations, availability of community resources, community problems) impact student learning, and plans instruction and assessment with awareness of social and cultural factors to enhance all students' learning	67
4.11	Understands the importance of self-directed learning and plans instruction and assessment that promote students' motivation and their sense of ownership of and responsibility for their own learning.....	68
4.12	Analyzes ways in which various teacher roles (e.g., facilitator, lecturer) and student roles (e.g., active learner, observer, group participant) impact student learning.....	70

- 4.12 Incorporates students' different approaches to learning (e.g., auditory, visual, tactile, kinesthetic) into instructional practices 71

DOMAIN II—CREATING A POSITIVE, PRODUCTIVE CLASSROOM ENVIRONMENT

Competency 005 The teacher knows how to establish a classroom climate that fosters learning, equity, and excellence and uses this knowledge to create a physical and emotional environment that is safe and productive 72

- 5.1 Uses knowledge of the unique characteristics and needs of middle-level students to establish a positive, productive classroom environment (e.g., provides opportunities to collaborate with peers, promotes students' awareness of how their actions and attitudes affect others, includes kinesthetic experiences and active learning within a planned, structured environment)..... 72
- 5.2 Establishes a classroom climate that emphasizes collaboration and supportive interactions, respect for diversity and individual differences, and active engagement in learning by all students 74
- 5.3 Analyzes ways in which teacher-student interactions and interactions among students impact classroom climate and student learning and development 75
- 5.4 Presents instruction in ways that communicate the teacher's enthusiasm for learning..... 76
- 5.5 Uses a variety of means to convey high expectations for all Students 76
- 5.6 Knows characteristics of physical spaces that are safe and productive for learning, recognizes the benefits and limitations of various arrangements of furniture in the classroom, and applies strategies for organizing the physical environment to ensure physical accessibility and facilitate learning in various instructional contexts 78
- 5.7 Creates a safe, nurturing, and inclusive classroom environment that addresses students' emotional needs and respects students' rights and dignity 79

Competency 006	The teacher understands strategies for creating an organized and productive learning environment and for managing student behavior	80
6.1	Analyzes the effects of classroom routines and procedures on student learning, and knows how to establish and implement routines and procedures to promote an organized and productive learning environment	80
6.2	Applies procedures for organizing and managing groups to ensure that students work together cooperatively and productively in various settings (e.g., problem solving teams, group projects, research groups, skits, student-created multimedia presentations)	82
6.3	Schedules activities and manages time in ways that maximize student learning, including using effective procedures to manage transitions; to manage materials, supplies, and technology; and to coordinate the performance of non-instructional duties (e.g., taking attendance) with instructional activities	83
6.4	Uses technological tools to perform administrative tasks such as taking attendance, maintaining grade books, and facilitating communication	83
6.4	Works with volunteers and paraprofessionals to enhance and enrich instruction and applies procedures for monitoring the performance of volunteers and paraprofessionals in the classroom	84
6.6	Applies theories and techniques related to managing and monitoring student behavior	85
6.7	Demonstrates awareness of appropriate behavior standards and expectations for students at various developmental levels	87
6.8	Applies effective procedures for managing student behavior and for promoting appropriate behavior and ethical work habits (e.g., academic integrity) in the classroom (e.g., communicating high and realistic behavior expectations, involving students in developing rules and procedures, establishing clear consequences for inappropriate behavior, enforcing behavior standards consistently, encouraging students to monitor their own behavior to use conflict resolution skills, responding appropriately to various types of behavior)	88

DOMAIN III—IMPLEMENTING EFFECTIVE, RESPONSIVE INSTRUCTION AND ASSESSMENT

Competency 007	The teacher understands and applies principles and strategies for communicating effectively in varied teaching and learning contexts	90
7.1	Demonstrates clear, accurate communication in the teaching and learning process and uses language that is appropriate to students' ages, interests, and backgrounds.....	90
7.2	Engages in skilled questioning and leads effective student discussions, including using questioning and discussion to engage all students in exploring content; extends students' knowledge; and fosters active student inquiry, higher-order thinking, problem solving, and productive, supportive interactions, including appropriate wait time	91
7.3	Communicates directions, explanations, and procedures effectively and uses strategies for adjusting communication to enhance student understanding (e.g., by providing examples, simplifying complex ideas, using appropriate communication tools).....	92
7.4	Practices effective communication techniques and interpersonal skills (including both verbal and nonverbal skills and electronic communication) for meeting specified goals in various contexts	93
Competency 008	The teacher provides appropriate instruction that actively engages students in the learning process	94
8.1	Employs various instructional techniques (e.g., discussion, inquiry) and varies teacher and student roles in the instructional process, and provides instruction that promotes intellectual involvement and active student engagement and learning.....	94
8.2	Applies various strategies to promote student engagement and learning (e.g., by structuring lessons effectively, using flexible instructional groupings, pacing lessons flexibly in response to student needs, including wait time)	95
8.3	Presents content to students in ways that are relevant and meaningful and that link with students' prior knowledge and experience.....	97

8.4.	Applies criteria for evaluating the appropriateness of instructional activities, materials, resources, and technologies for students with varied characteristics and needs	97
8.5	Engages in continuous monitoring of instructional Effectiveness	99
8.6	Applies knowledge of different types of motivation (i.e., internal, external) and factors affecting student motivation	101
8.7	Employs effective motivational strategies and encourages students' self-motivation	102
Competency 009 The teacher incorporates the effective use of technology to plan, organize, deliver, and evaluate instruction for all students.....		103
9.1	Demonstrates knowledge of basic terms and concepts of current technology (e.g., hardware, software applications and functions, input/output devices, networks)	103
9.2	Understands issues related to the appropriate use of technology in society and follows guidelines for the legal and ethical use of technology and digital information (e.g., privacy guidelines, copyright laws, acceptable use policies).....	108
9.3	Applies procedures for acquiring, analyzing, and evaluating electronic information (e.g., locating information on networks, accessing and manipulating information from secondary storage and remote devices, using online help and other documentation, evaluating electronic information for accuracy and validity)	109
9.4	Knows how to use task-appropriate tools and procedures to synthesize knowledge, create and modify solutions, and evaluate results to support the work of individuals and groups in problem-solving situations and project-based learning activities (e.g., planning, creating, and editing word processing documents, spreadsheet documents, and databases; using graphic tools; participating in electronic communities as learner, initiator, and contributor; sharing information through online communication)	111

9.5	Knows how to use productivity tools to communicate information in various formats (e.g., slide show, multimedia presentation, newsletter) and applies procedures for publishing information in various ways (e.g., printed copy, monitor display, Internet document, video).....	112
9.6	Knows how to incorporate the effective use of current technology; use technology applications in problem-solving and decision-making situations; implement activities that emphasize collaboration and teamwork; and use developmentally appropriate instructional practices, activities, and materials to integrate the Technology Applications TEKS into the curriculum.....	113
9.7	Knows how to evaluate students' technologically produced products and projects using established criteria related to design, content delivery, audience, and relevance to assignment.....	115
9.8	Identifies and addresses equity issues related to the use of Technology.....	116
Competency 010 The teacher monitors student performance and achievement; provides students with timely, high-quality feedback; and responds flexibly to promote learning for all students.....		117
10.1	Demonstrates knowledge of the characteristics, uses, advantages, and limitations of various assessment methods and strategies, including technological methods and methods that reflect real-world applications.....	117
10.2	Creates assessments that are congruent with instructional goals and objectives and communicates assessment criteria and standards to students based on high expectations for learning.....	118
10.3	Uses appropriate language and formats to provide students with timely, effective feedback that is accurate, constructive, substantive, and specific.....	119
10.4	Knows how to promote students' ability to use feedback and self-assessment to guide and enhance their own learning.....	120

- 10.5 Responds flexibly to various situations (e.g., lack of student engagement in an activity, the occurrence of an unanticipated learning opportunity) and adjusts instructional approaches based on ongoing assessment of student performance 121

DOMAIN IV—FULFILLING PROFESSIONAL ROLES AND RESPONSIBILITIES

Competency 011 The teacher understands the importance of family involvement in children's education and knows how to interact and communicate effectively with families 122

- 11.1 Applies knowledge of appropriate ways (including electronic communication) to work and communicate effectively with families in various situations 122
- 11.2 Engages families, parents, guardians, and other legal caregivers in various aspects of the educational program 123
- 11.3 Interacts appropriately with all families, including those that have diverse characteristics, backgrounds, and needs 123
- 11.4 Communicates effectively with families on a regular basis (e.g., to share information about students' progress) and responds to their concerns 124
- 11.5 Conducts effective conferences with parents, guardians, and other legal caregivers 125
- 11.6 Effectively uses family support resources (e.g., community, interagency) to enhance family involvement in student learning 126

Competency 012 The teacher enhances professional knowledge and skills by effectively interacting with other members of the educational community and participating in various types of professional activities 129

- 12.1 Interacts appropriately with other professionals in the school community (e.g., vertical teaming, horizontal teaming, team teaching, mentoring) 129
- 12.2 Maintains supportive, cooperative relationships with professional colleagues and collaborates to support students' learning and to achieve campus and district goals 129

12.3	Knows the roles and responsibilities of specialists and other professionals at the building and district levels (e.g., department chairperson, principal, board of trustees, curriculum coordinator, technology coordinator, special education professional)	130
12.4	Understands the value of participating in school activities and contributes to school and district (e.g., by participating in decision making and problem solving, sharing ideas and expertise, serving on committees, volunteering to participate in events and projects)	131
12.5	Uses resources and support systems effectively (e.g., mentors, service centers, state initiatives, universities) to address professional development needs	132
12.6	Recognizes characteristics, goals, and procedures associated with teacher appraisal and uses appraisal results to improve teaching skills	133
12.7	Works productively with supervisors, mentors, and other colleagues to address issues and to enhance professional knowledge and skills.....	134
12.8	Understands and uses professional development resources (e.g., mentors and other support systems, conferences, online resources, workshops, journals, professional associations, coursework) to enhance knowledge, pedagogical skills, and technological expertise	134
12.9	Engages in reflection and self-assessment to identify strengths, challenges, and potential problems; improve teaching performance; and achieve professional goals	136

Competency 013 The teacher understands and adheres to legal and ethical requirements for educators and is knowledgeable of the structure of education in Texas 137

13.1	Knows legal requirements for educators (e.g., those related to special education, students' and families' rights, student discipline, equity, child abuse) and adheres to legal guidelines in education-related situations	137
------	--	-----

13.2	Knows and adheres to legal and ethical requirements regarding the use of educational resources and technologies (e.g., copyright, Fair Use, data security, privacy, acceptable use policies)	140
13.3	Applies knowledge of ethical guidelines for educators in Texas (e.g., those related to confidentiality, interactions with students and others in the school community), including policies and procedures described in the <i>Code of Ethics and Standard Practices for Texas Educators</i>	144
13.4	Follows procedures and requirements for maintaining accurate student records	145
13.5	Understands the importance of and adheres to required procedures for administering state- and district-mandated assessments	147
13.6	Uses knowledge of the structure of the state education system, including relationships among campus, local, and state components, to seek information and assistance	147
13.7	Advocates for students and for the profession in various Situations.....	148
	Sample Test	149
	Answer Key	167
	Rationales for Sample Questions	168
	Sample Constructed & Extended Essay Response	191
